

Client Meeting - December 1st, 1:30 - 1:55 pm PST

- We updated the client on our current progress of the static app.
 - Floating buttons:
 - Home page:
 - Login/register
 - Settings (peer testing 2)
 - Articles:
 - Edit
 - Share (peer testing 2)
 - Send feedback
 - Validation and contact options
 - Extra eco tracker input
- Tech lead Larry was present for the meeting to talk about options for the backend for peer testing 2. It was decided that a server was necessary to keep changes made by the admin
- The client updated their website with a new surveys page:
<https://cyclopediapp.org/cyclops-surveys/>
